Says Shame On You Townsfolk

Former Sierra Madrean Not Lost Sight of Her Town

EDITOR'S NOTE: This is a letter well written, think it over Sierra Madreans. Over 12,000 strong, at \$1 apiece, it would well do the job.

Dear Editor:

Lumberton, N.C., is a long way from Sierra Madre, and that makes my hometown newspaper a looked-for occasion here every Tuesday. I meant to write before to thank you for printing such a fine newspaper. The news of our town is covered so well from politics and community controversy to friends' weddings, graduations, and service records. I am writing now because I am ashamed; ashamed of Sierra Madre and its apathy. Sierra Madre has many qualities and advantages to be proud of; its community spirit and its strong sense of identity as an individual city, not just another suburb of Los Angeles; its many churches, its fine library; its Volunteer Fire Department. The most pertinent at this time is our Search and Rescue Team.

The Team's reputation of skill and selfless service is known here; across the continent. There is a strong need everywhere for an effective team that can work together in time of need, trained to find the lost and capable of rescuing and treating the injured; and our team is one of the nation's finest. They are Sierra Madre's own and we should be behind them NOW in their need, as they have always been for us.

\$800 is a long way from the needed \$4000. The small sum contributed to the fund seems to indicate a new apathy in Sierra Madre that I do not remember being there. I know, when I come home, that the face of Sierra Madre will be altered by new businesses and homes. However, I had hoped the city's personality, which made Sierra Madre such a wonderful place to grow up

City Gives 5% Raise To Employees

The City Council at its adjourned meeting Monday evening, June 30, voted unanimously to give all employees a 5 per cent increase in salary, and then to give the Parks and Recreation Director an additional step increase of 5 per cent and at the same time upgraded the Assistant to the City Engineer, the Engineer Aide and the Senior Accountant 2 1/2 per cent step increase.

Immediately thereafter they notified the City Administrator Norman Boehm that they expected a drastic cut in the proposed budget and could not allow the Taxpayers to take an approximately 30 cent per \$100 valuation increase. When Boehm was reluctant, stating that he and the staff had made their recommendations, Mayor Hartman asked if the Council would make the cuts, but felt the Administrator could do the job more efficiently and with knowledge.

Since the City Engineer resigned as of July 27, the decision was not to hire a City Engineer but contract for his services, saving the city \$7,500; the only new employee allowed to be added to the city employees was a secretary for the Parks and Recreation Director at a salary estimated at \$5,794.

The Council demanded that the Taxpayers receive

Sr. Citizens Back At Park House

The Senior Club met in the Park House, June 28. Gladys Johnson formerly from Chicago was greeted as a new member. President Dorothy Crouchley read, "Make Us A Blessing Lord," the Pledge of Allegiance to the flag was given and "God Bless America," was sung. Door prizes were won by Betsy Stevens, Helen Wheeler and Henrietta Symonds.

Mae Brier was reported home from the hospital. Lucy Fergin is in a rest home. Pearl Patterson told of her visit to Adelaide Kirk in the Green Hotel, Pasadena. Adelaide sent her greetings to all the members.

Betsy Stevens invited all the members to her home July 5, for chicken and watermelon dinner. Bee Macquarry reported trips to Lake Tahoe, July 14; Busch Gardens, July 3, and Canadian Rockies, July 29.

Bob Jones Does It Again!

Braves Win Championship; Enter Double Elimination

The Sierra Madre Little League Major team Braves and their successful manager Bob Jones, have done it again! The Braves have earned rightful claim to the 1969 championship pennant by piling up 13 wins and 2 losses and will enter the double elimination Pasadena City Tournament Playoffs at Victory Park in Pasadena. This series will begin on June 30 at 5:30 p.m. and will run about four days.

To Bob also falls the honor of managing the All Star Team which will represent Sierra Madre in the Area Tournament Playoffs. The 18

SPIDER SCULPTURE found in Memorial Park early Friday morning. Although a work of Art of the finest quality, no one seems to know who the artists or the erectors are, but your Sierra Madre News Staff of Investigators are on the job and with the next issue PROMISES to uncover the identity of the party or parties involved; we just may have pictures of the culprits at work.

Spider Sculpture Saga: Here Again, Gone Again

by NANCY BRYAN

How marvelous! What better place than Memorial Park for a large, metal sculpture of a spider! And how generous and thoughtful of some artist to devote his

... beautifully done, we might add. If you managed to mosey around town since

last Friday (June 27) and before noon Monday (June 30) and in your travels passed by our Memorial Park, then you know for yourself what a beautiful job the spider work is and was.

Since the existence in Sierra Madre of the "spider" was first found in the park and it is a Memorial Park you can see the double entendre. In case you did not have a chance to see the sculpture, it was located on the west of the cannon. A plaque in front of the large cannon, manufactured by the Germans in World War I, reads: "A Memorial Dedicated by Sierra Madre to the Memory of Our World War Veterans." (This was the 'war to end all wars,' World War I) (A similar plaque adorns the front of the park house and reads: "In Honor of Those of Sierra Madre

Bud's T.V. To Go On Vacation

Bud's Television will soon go on vacation, and to be more exact, August 1 will be the date and they will be gone for a full month, returning on Monday, September 1.

Bud and Vi are notifying you of this procedure in plenty of time so that you can get your sets to them so that they can be put in first class condition before they depart, and especially so in the event that you are going on vacation in July, you can call for a pick-up of your set and when you return the set will be all ready to go. Also those that have their sets in for repair and have not picked them up or had them delivered, this is notification that you should get this done before the first day of August or they may be locked-in for a whole month.

New remodeling has increased the efficiency and now with the 1970 sets arriving, Vi has moved her

Mr. and Mrs. R. Robt. Evans Begin 8th Year As Editors-Publishers

by NANCY BRYAN

For R. Robert and Peggy Evans, Tuesday, July 1, 1969, marks the beginning of their eighth year as Editors and Publishers of the Sierra Madre News. Those seven years have been filled with many busy, harassed, but always happy hours. Those seven years also welcomed another child into the Evans' family. Robin Rae will be 7 years old this coming September within two days of her big sister's birthday. Candace will be 11 years of age.

Prior to coming to Sierra Madre, Bob and Peggy were editors - publishers of the Shafter Press in the city of Shafter, Kern County, then the Holtville Tribune, Holtville, Calif. and before that they owned an Orange County newspaper, the Tustin News having arrived in Tustin in early 1955 from Portland, Oregon.

2 Get ROTC Commissions

Sixty-four senior cadets in the University of Oregon's ROTC program, will be commissioned as second lieutenants during ceremonies, Sunday, June 15.

The program, which is open to the public, will be held at 9 a.m., in the ROTC department.

Students who will receive commissions in the U. S. Army Reserve are: John E. Jones, son of Mr. and Mrs. Gustav E. Jones, 611 Gloria Rd., Arcadia, and Stephen C. Steward, son of Mr. and Mrs. Robert H. Stewart, 1657 Rodeo Rd., Arcadia.

1969, marks the beginning of their eighth year as Editors and Publishers of the Sierra Madre News. Those seven

"Bob," the son of a distinguished editor, was born and raised in the State of Kansas and off-times refers to himself as "just a Kansas Country boy at heart." As a redhead, he had several nicknames, but 'Carrot Top,' who was a member of the student body of a 'few' years ago on the campus of the University of Missouri at Columbia, is the one that stuck. He took his apprenticeship in printing and publishing in the State of Illinois and moved to the great Pacific Northwest in 1937. Wife, Peggy is a native of Portland, Oregon, and while not often found in the News office these days is still actively engaged in the business having previously devoted many years with her husband in the publishing business. Both feel strongly that a newspaper should report and print news, not create it and that it is a joint duty, obligation and privilege to give honest, fair news coverage ... to 'tell it like it is!'

Still, as then, the helmsmen of the paper are open to suggestions and willing to listen to any and all, with an honest "intent to improve the 'positive' and promote the 'potential,' first for the city of Sierra Madre, next Los Angeles County, the State of California and

last but by no means least, our United States."

In their first issue, July 5, 1962, Bob and Peggy dedicated themselves to you, your newspaper and our community, to build and improve and promote with the desire of making it a better place in which to live.

All cities and communities have their problems and the Evanses expected no difference when they first came to look at our community and its members. One noticeable difference however, was the warmth and friendliness of the citizens and they were willing and eager to become a part of Sierra Madre and proud to call it "home."

There were many in the community who said Bob Evans wouldn't last a year in their town. Always one to meet a challenge, most of us on the staff believe he would have stayed if it meant doing the entire operation by himself.

As the News goes into its eighth year under its present owner, it is apparent that our worthy editor still enjoys a good argument, fighting for a worthy cause, exposing flimflam of any kind and keeping the public well informed. He is a man who knows each and every operation in his plant thoroughly — a true newspaperman. (Mrs. Evans runs a close second.) A mind like a steel trap overshadows this 'country boy's' compassion and understanding for his fellow human being. However, Bob Evans is a

man who is willing to make a fair compromise, but, he knows when he is being taken advantage of and will not excuse this.

It is not easy to be an Editor-Publisher. The hours at the plant are long and hard—4:30 a.m. until 5 or 6 p.m. Mondays through Fridays, plus a minimum of hours on Saturdays and Sundays. This does not include the hours spent attending meetings and such. All this means you really "live it" and your family lives it too and certainly deserve credit. Try as you might, you are never able to please all your readers all the time and you might as well not worry about it. Robert Evans seems to take this in his stride and feels that his column "Carrot Top" with its personal comments and commendation for special achievement is "one of the many rewards of being a publisher ... offsetting long hours, low pay and ink fingers."

Some of the Evanses other beliefs about owning a newspaper were stated in that July 5, 1962 issue, because they felt the subscribers were entitled to know the policy which would prevail on news coverage and editorial comments under their ownership. To quote: "To begin with, we feel that no publisher truly 'owns' a newspaper. More correctly, the newspaper is owned by the community it serves, its subscribers and advertisers. Publishers are merely grant-

Unique Sierra Madre

A city with never a dull moment, and a city that always has two or three irons in the fire at one time, sets our town out as being ultra unique.

With the Shopping Center at Sierra Madre and Baldwin up in the air and minds changing daily, the City takes on yet another controversial problem, that of a "Castaway" type restaurant in a residential area.

Before the Planning Commission on July 17 comes the application for a request for rezoning from Conditional Use Permit zone (CUP) to Commercial for that property known as P.M. Lannan, located easterly of the Los Angeles County Flood Control Debris Basin, known as the Lannan Debris Basin, behind the residents of Lillano Drive and Arno, located between the right-of-way of Santa Anita Avenue and the common boundary line between the City of Sierra Madre and City of Arcadia. The hearing will be July 17 at the hour of 8 p.m. Come one, come all, for a rip roaring evening.

At the 3rd annual Allam-bra Tigersharks All-Trophy meet held Saturday, June 23, the Sierra Madre Swim Club, sponsored by the Sierra Madre Recreation Department, garnered seven individual trophies and 12 trophies in relays. In a field of 30 teams, comprised of about 1500, Sierra Madre's swimmers walked away with sixth place with 64 points.

Highlight performances by Sierra Madre swimmers were Melinda Starkweather's 1st place in girls 15-17 backstroke, setting a new pool record by 1.4 seconds. She also took a third trophy in the breaststroke. Other trophy winner in 15-17 girls was Sue Banis who took a sixth place in freestyle.

Parks & Recreation Ready For July's Gala Activity

The Sierra Madre Annual Fourth of July Home Town Celebration will begin with a performance by the Community Concert Band in a "Concert Under The Stars" on Thursday, July 3rd at 8:00 p.m. at Memorial Park. This will kick off the annual celebration.

The day of the Fourth will begin with a parade at 10:00 a.m. The parade will begin at Sunnyside and will proceed east on Sierra Madre Blvd. to Sierra Vista Park. Robert "Bud" Hartman, Mayor of Sierra Madre will be Grand Marshall. Mr. Louis Van Iersel, Honor War I Medal of Honor winner will be a special guest. Other entries include band corps, marching units, equestrian units, old time motor vehicles, and many other entries. At 11:30 a.m. food and game booths will open at Sierra Vista Park. Such booths as teriyaki on a stick, confetti eggs, sno cones, cotton candy, fritos, chile boats, baseball throw, fish bowl game and many others will be open. At 1:00 p.m. the All City Swim Meet will begin. This event is

All of us have come to the conclusion that we just cannot "let our Search and Rescue Team down" they must have the finances to answer any and all calls for

distress, and although the contributions from the citizens has been terrific, they have just not been sufficient to keep the team on its feet and the wheels turning.

It has been the decision of the directors of the team, that today all citizens who live in the area of Sierra Madre will receive through the mails a direct appeal from the team members in a "Letter of Appeal."

In the letter of appeal, the team gives you more specifics; they let you know just how desperate their need is and just how you can help them in their dedicated efforts.

The drawings on the "Help! Help!" appeal are actual illustrations of one of the team members during a rescue. The paper and the envelopes were donated and the wives of the Rescue Team personally addressed them.

Enclosed with the appeal is a Goldenrod envelope for your immediate return, and it is hoped that you can peel a couple of dollars from your vacation to assure that all will be taken care of during the hot summer months.

The bare minimum that the Team can operate on for the season ahead is termed to be \$4,000. For full efficiency and looking forward to more frequent and urgent calls the Team members feel that \$8,000 is the figure that they would like to reach to put their minds at ease about finances.

The latest surge of contributors have placed the fund at just a few dollars over the 50 per cent mark with \$2,000. Those that have already contributed are sent "Blessings" from all the team members, and of course, they are not asking you to contribute again, but to sort those out of the mailing would be a tremendous job; but for those that just have not had the opportunity to send in their contribution ... will you please send in the Goldenrod envelope as soon as possible, so that they can end the FINANCIAL WORRY, and carry on with the saving of lives.

Contributors so far in the drive are listed below, the new ones from past week are listed first. If you are downtown and want to save the price of a stamp you may drop your Goldenrod envelope in at the Sierra Madre News Office, the headquarters for the Fund

Just received all the word from Richard Burton of the Parks and Recreation about the good old Home Town Fourth of July Celebration, and incidentally, do you realize that this is tomorrow, Friday.

— CT —
Gee, how the year rolls around, here it is half gone, school is out and before you know it we will be sending our children back to school on horseback, no buses next year.

— CT —
Anyway the kick-off of the Celebration for the Fourth will actually take place on Thursday evening, July 3, when a "Concert Under the Stars," will be presented in "Spider" Park, I mean Memorial Park.

— CT —
The big deal will start at 10:00 on Friday morning with a parade of over 40 entries, and will probably accumulate about Sunnyside. Give an hour or two, but anyway the food and game booths will open at Sierra Vista Park at 11:30, and a dedication of the community center will be staged at 12 noon.

— CT —
Now here you, will have to have a quick lunch or carry it in your hand, because the all city swim meet will get underway at 1 and at 2 the pool will open for two activities, recreational swimming and games and races, with prizes to be awarded.

— CT —
The rest of the afternoon can be spent in playing games, until the final part of the program which will be a teen age dance at Kersting Court from 8 until 11 p.m.

— CT —
This is going to be a hum-dinger of a day especially with Mayor Bud Hartman as Grand Marshal for this year. Of course the Parade will not be as good as it has been in previous years with Charley Brown away on vacation ... but there will be other years, to enjoy his presence.

— CT —
Well, I read in the Sierra Madre News a couple of weeks ago where the Clardon Deli has been sold and will change hands today, Thursday, July 3.

— CT —
We hate with all that is in us to see dear, dear Betty Stuart leave the business world, we have really enjoyed having her prepare a sandwich or two for us now and then. She does however say that after she gets out she is going to be Sierra Madre's No. 1 lady of leisure but she's happy and that is the reason that one buys and sells ... to be happy.

The new owners are Bruno and Andrea Niccoli who will come here from Glendora. The month of July will find the business closed and they will reopen, completely redecorated, with new menu and ideas sometime around the first of August.

ed the privilege of being the speaker for the voice of the people." Mr. and Mrs. Evans let it be known that the news would not print what it thought might "violate the laws of libel slander and accepted standards of good taste and decency." All of us on the staff know this to be true because we have seen many items and stories withheld for these purposes.

The seven years, though chock full and busy, have gone quickly. During that period Mr. Evans has been instrumental in many community projects. Among them Sierra Madre Historical Wilderness Area; having a city flag in Kersting Square; a permanent creche and bus shelter in Kersting Square; bringing the Bank of America to Sierra Madre; editorial support to battles against art artists and American Missionary Society solicitors; helping Mrs. Dorothy Underwood, previous Chamber of Commerce secretary, to set up a system to alert merchants about the passing of bad checks; donating books for 18 months to the Sierra Madre Library; at the death of Kathy Wright, fighting for and securing additional police officers for traffic; supporting citizens in their fight to get stop signals on Sunnyside and Sierra Madre Boulevard; being a member of the ad hoc Water Commission, and instigating the first public report exclusively for Sierra Madre on supplementary water supply; in the public interest publishing a series of articles on the Sierra Madre Volunteer Fire Department and the Sierra Madre Police Department; sponsoring and giving support to citizens battling the intervention of federal government re the canyon wash; securing representatives for the canyon residents on both the city's Parks and Recreation Commission and the Planning Commission conducting, through the News, fund-raising drives for the Search and Rescue Team; helping organize the first annual Search and Rescue Day in 1966; furnishing the main trophy for the trail races for this day; instigating successful battle for second door in relocatable classrooms; contributing all trophies for Little League Baseball for four successive years; furnishing trophies for the local Tennis Club in 1964; publishing a series of articles on Toy Loan and helping conduct a fund-raising drive which resulted in the building of a new addition; and many, many more projects and causes.

have received a helping hand from the News and/or the Evanses. His awards and honors are many too. Among these: an award from the California Real Estate Association in 1964 for his battle against proposition No. 14, to which he and John Curtis had given the name of "The Forced Housing Act," (his editorial on this was reprinted in the monthly publication of the Association); for three consecutive years he has been given a national certificate of appreciation from the National Senior Citizens Center, Lehigh Acres, Florida, for outstanding public service on behalf of senior citizens; received Safety Award from the State of California, 1962; in 1963, the California General Telephone monthly publication reprinted an Evans' editorial on the workings of the company, making it a featured "cover story"; in 1965 he received the Golden Heritage of Free Speech Award from the Kiwanis International and was made an Honorary Member of this organization. Received the three citations of VFW, State, District, and local for outstanding service to the Harry Embree Post No. 3208 of Sierra Madre and the local Lions Club Citation of Appreciation. The list is endless and all reflect on not only the Sierra Madre News and Mr. and Mrs. Evans, but on Sierra Madre.

Homeowner in the community since arriving here, the Evans family realize that they, too, will share in the problems of growth and planning which may face the people of Sierra Madre, Los Angeles County and the entire Valley, and will make every effort to continue to lend their strength and encouragement toward betterment of the many beautiful things already achieved by those before them in Sierra Madre.

When confronting Bob Evans with his many accomplishments, his hopes and ideas for the future, he just shook his head and sighed: "Well, I'm just getting started, we'll have to wait and see what the next seven years bring." And with that, may we wish the "country boy" from Kansas, continued success and happiness.

Council Lauds Mountaineers, Rangers, Teens

Youth groups who have contributed to the development of the San Gabriel Mountains back country were paid special tribute by the Sierra Madre City Council at their regular meeting of Tuesday, June 24, when Councilman Ralph Rule made a motion to commend the Sierra Madre Rangers and the Mountaineers as well as the Boy Scout Troop for trail construction services given the area. The motion was passed unanimously and the Mayor ordered letters of commendation sent to their presidents.

The Bailey Canyon Orchard Camp Trail was one of the foothill city's main concerns, and has been backed by the U.S. Forest Service. The completely volunteer "Rangers" group now headed by president Paul L. Copeland and co-founder Jim Comer of Sierra Madre, have managed to get some 15 youths in the 16-19 age group up as early as 4 a.m. on many weekend mornings to chop down brush and shovel off trail space so that the trails could be followed.

The Rangers also have contributed volunteer work in clearing fire-danger areas of the Sierra Madre region foothills of brush and weeds. The youths also have volunteered in keeping historical Mt. Wilson Trail open between Sierra Madre and Orchard's Camp.

This was the same Council meeting that the teenage group headed by President Bruce Peppin and Vice President Tim Jones were installed by Mayor Hartman. The youth group's activities, which include a Friday bus trip to the "Battle of Bands" at Hollywood Bowl, is one of the self supporting projects planned by the teen-age group.

Happy June 13 birthday to Bruce MacInnis, Bruce, who is the son of Stewart and 'Bunnie' MacInnis of 501 E. Montecito, became five years of age on that date. Along with his two sisters, Holly Beth and Laurel Ann, our birthday boy is fast getting in the swing of summer vacation. Rumor has it however, that Mom hasn't gotten into the swing of it yet and isn't too sure she'll make it!! Won't be too long before Mac puts in his three week stint with the Reserves at Ft. Lewis. Well, gang, have a wonderful summer!

Summer Sessions

The first summer session which started June 23, shows an enrollment of 5273, up 400 over previous years, according to Dr. Irvin Lewis, dean of student personnel.

There are 296 credit classes offered during the first session, which concludes August 1, with classes scheduled from 7:30 a.m. to 1:30 p.m. and evenings from 6 p.m. to 10 p.m.

Community Services classes are also scheduled during the summer on the PCC campus, at the Community Adult Training Center on North Lake, and at other sites in the community.

The second summer session begins August 4, the last day to apply for admission. There are 132 credit classes offered.

Enrollment should be

Scheduled At PCC

made by calling the Counseling Center, 795-6961, Extension 251, or by going to Room 108C.

Larry Cluff was among those honored at the final Faculty Breakfast at Pasadena City College. This breakfast is held annually to recognize faculty accomplishments, retirements and resignations, and to review the highlights of the 1968-70 year. Larry was one of five outstanding students who were awarded \$250 each by the Pasadena City College Faculty Association. All awardees combined student activities with high scholarship records. Larry is a psychology major and will transfer to UCLA. Congratulations!

Jones & Braves Rack Up Championship

host this exciting tournament at Sierra Vista Park on July 17 and 18 at 5:30 p.m. and Saturday July 19 at 1:00 p.m. with a consolation game between the losers of the first playoffs at 10:00 a.m.

The Minor League Angels and Astros were tied for first place going into their last game. The Angel manager, Dale Jones brought his team through a 12-0 win over the Astros to take the Minor League pennant.

The 1969 championship of the Pony League was captured by the Reds under the direction of Don Bradley, also victorious in 1968. The Reds were helped along by the no-hitter pitched by Dave Jones against the Tigers in a 2-0 contest.

A former Little League

player is now the manager of the Aces of the Pee-Wee League, Chris La Lone taught our youngest boys baseball and chalked up the most wins for the Pee Wees.

The Pee Wees, Minor and Major League boys will march in the Fourth of July Parade in uniform and carry their team pennants.

President Ken Nielsen of the Little League attended a meeting of the area's 15 Little League Presidents and with pleasure announces the unanimous election of Bob Collup to a three year term as District Administrator of Little League. Beginning October 1, 1969, Bob will be the official link between Williamsport and the local league.

You and Your Neighbors

by NANCY BRYAN

A combination Father's Day and Happy Birthday celebration was held at the David McGee residence at 308 W. Grandview last month. Not hard to figure out who all honorees for Father's Day were but birthday greetings were from Miss Sharon McGee who was two years of age on July 17. Her "Happy Cake," as Sharon calls birthday cakes, was made by her mother to resemble a carousel and was received most enthusiastically by all. Those attending the family dinner-duo celebration were Mrs. McGee's parents from Pasadena Mr. and Mrs. Herman Glaeser; her brother, Mr. Doug Glaeser of Pasadena; her grandfather (and Sharon's great-grandfather) Mr. Earl Ricker of Scripps Home in Pasadena; and David's parents, Mr. and Mrs. Arthur McGee of Pasadena. Sounds like a very nice family day.

Bill has been a writer and editor (a founder of the nationally circulated Chinese NEWS publication of San Francisco), a lecturer before clubs around the country, and a professional degree graduate engineer in electro-aeronautics, having studied at Milwaukee College of Engineering, Wisconsin, USC, and UCLA. During the war years, he was the Engineering Consultant of Consolidated Vultee Aircraft in Washington, D.C., to the State Department and to the Pentagon, working on the Billon Dollar Lend-Lease Program to keep China in the War, giving B-24s to build up the Chinese Air Force and training his personnel in various phases: working out and directing the training program for top engineers and scientists from China in American factories, with post war planning for American industrialization of China; working closely with Dr. Alfred Sze, First Ambassador from China, who represented all of China before the transition, because of his great interest in improving American-Chinese relations, he returned to USC to study three more years (1956-1958) the School of International Relations, inspired by the late beloved Chancellor Dr. Von Klemensmidt. Bill was at Don Benito School; Mike, staff member of the presidential campaign for Gen-

Swim Team To Hold Pot Luck

The Booster Club of the Sierra Madre Swim Team will hold a pot-luck supper on July 9, 1969, at 6:00 p.m., at Sierra Vista Park. Directly after swim practice all team families will meet in the park. Each family has been assigned to bring enough salad or dessert to serve ten. The Booster Club Families are each responsible for their own main dish and the beverages will be furnished.

After dinner, a general

election meeting will be held in order to elect the 1969-1970 Board of Directors. This is an important election and with the enthusiasm and support of all Booster Club Members the swim team is destined to have a successful year.

Camping Opens
After July 21

Two busloads of excited boys filled with dreams of fun and adventure took off for beautiful Lake Arrowhead this week for the first eight day session of Woodcraft Ranger camp.

"We have accommodations for 160 boys from 8 to 15 years old who'll spend an entire week from morning 'til night happily learning about life away from the city - the world of secluded canyons, tall pines and cool waters," explained James C. Flanders, executive director of Woodcraft Rangers, a United Way agency.

Hiking, fishing, all kinds of boating, crafts, archery and swimming are tops in popularity at the camp located for 47 years just a half mile from Lake Arrowhead.

"Busy days out-of-doors builds hearty appetites. An experienced professional cook prepares three delicious meals a day," Flanders commented.

Fifty counselors, instructors and specialists staff the non-profit camp under the guidance of Camp Director, Neil K. Roth. A registered nurse is on 24-hour duty and the camp has its own first-aid crew on stand-by.

Lake Arrowhead camp operates under the highest safety standards. It is accredited by the American Camping Association and licensed by the County Health Department.

There are nine camping sessions from June 30 until September 1. Any youngster may attend camp. They do not have to be Woodcraft Ranger members. Camping fee is \$42 for Rangers and \$47 for non-members with no "extra charges" for activities.

The first seven camping periods are for boys only; the last two are for girls. The first three camping sessions are completely booked. However, there are still openings from July 21 on.

Complete information and a registration form may be obtained by telephoning Woodcraft Rangers at 749-3031.

P.O. Closure

The following holiday service will be furnished at the Sierra Madre Post Office on Independence Day which falls on Friday, July 4, announced Postmaster Guy Rossi.

There will be no window service of any kind provided on that day. There will be on delivery of mail by the city carriers, however regular holiday lock box service will be maintained. In addition special delivery service will be provided.

Holiday schedules for the collection, receipt and dispatch of mail will be observed, added Postmaster Rossi.

Closed 4th
Regular Friday banking hours will be maintained Thursday, July 3 at branches of Security Pacific National Bank. The branches will be closed Friday in observance of Independence Day.

Health Service Mandatory
In Los Angeles County

California, July 1, became the first state in the nation to make mandatory the provision of mental health services by local communities.

The aim is to end unnecessary hospitalization of individuals, to insure the confidentiality of patient records, and to eliminate the stigma historically attached to mental illness.

It also seeks: To end the inappropriate, indefinite, and involuntary commitment of mentally disordered persons and persons impaired by chronic alcoholism, and to eliminate legal disabilities.

To provide prompt evaluation and treatment of persons with serious mental disorders.

To encourage the full use of all existing agencies, professional personnel, and public funds to accomplish these objectives and to prevent duplication of services and unnecessary expenditures.

To integrate state-operated and community mental health programs into a unified mental health system.

The pioneering effort results from the Lanterman-Petris-Short Act, which became effective July 1.

The bill's principal author, Assemblyman Frank Lanterman, said, "California enters a new era in mental health care. I hope our work will contribute significantly to the care and treatment of the mentally ill."

"The citizen of this state can be proud that California's plan for serving the mentally ill is already the model for other states."

The law places responsibility for services on the local community and prevents duplication of services and unnecessary expenditures. Mental health expenditures will now be from a single state appropriation for services to the mentally disordered. The new system allows for more flexibility, which was previously impossible. Funds can be shifted from one state hospital to another, state to county, county to county, or county to state.

The law establishes a 90 per cent state, 10 per cent county financing formula for mental health services regardless of where the services are provided.

Counties now have a financial responsibility for all patients from their county. Of the fund allocated, each county will be reimbursed 90 per cent of the amount required to carry out its approved plan.

Because county participation is mandatory, the new law permits a gradual program increase, if needed, by the counties toward meeting the mandate. No county will be required to increase its expenditures for mental health services by more than 1 cent for each \$100 in assessed valuation in any fiscal year. The state will make up the difference to assure no one goes without available care.

Lanterman - Petris - Short also changes the procedures for screening, referring, and evaluating mentally disordered persons. No mentally disordered person or person afflicted with alcoholism is

to be admitted to a state hospital prior to screening and referral by an agency in the county designated to provide this service.

Each person admitted to a county or county related facility for treatment and evaluation is to receive an evaluation as soon after he is admitted as possible. He shall also receive such treatment and care as his condition requires for the full period he is in the facility.

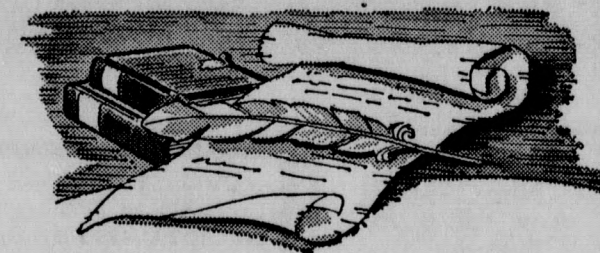

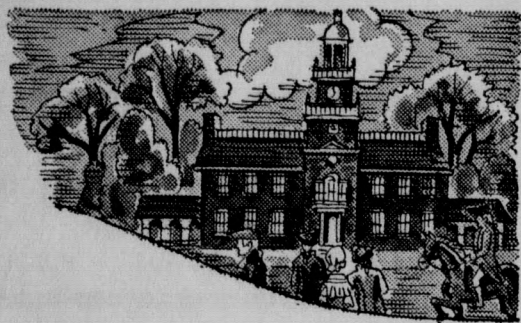

The Lanterman Act protects the patient in many ways. Persons involuntarily detained for evaluation and treatment are guaranteed such rights as that of seeing visitors each day, having reasonable access to telephones, wearing one's own clothes, keeping and using one's own personal possessions, refusing shock treatment, and having ready access to letter writing materials, and to mail and receive unopened correspondence.

All information and records obtained in the course of providing services to either voluntary or involuntary patients will be confidential. Information and records may be disclosed only in a small number of specified instances. Not even the FBI or Secret Service will be able to learn without a court order.

In Los Angeles County for the year 197-68, State participation was \$3,698,068 and the County \$8,573,715 for a total of \$12,271,783. The 1968-69 estimate was State participation \$11,036,865 and County \$4,012,288, however the estimate for the year

PROGRAM

Plans are now set for the Fourth Annual "Fourth of July Hometown Celebration" which is sponsored by the Sierra Madre Parks and Recreation Department and the Sierra Madre Chamber of Commerce. The annual activity will kick off on Thursday, July 3rd with a "Concert Under The Stars," at Sierra Madre Memorial Park at 8:00 p.m. The concert will be presented by the Community Concert Band. Activities on the Fourth will begin with a parade down Sierra Madre Blvd. beginning at 10:00 a.m. with over 40 entries. All boys and girls are invited to decorate their bikes and to ride in the parade. The parade will begin at Sunnyside Ave.

At 11:30 a.m. booths will open at Sierra Vista Park. The booths will consist of exotic and unusual foods and many games. At 1:00 p.m. will be the all city swim meet. This meet is open to all boys and girls, ages 6 to 17, who are not presently competing on a competitive swim team.

Ribbons will be awarded to first through sixth place. This activity will be conducted by the Sierra Madre Swim Team.

At 2:00 p.m., two activities will begin. The pool will open for recreational swimming and games and races will be organized by Boy Scout Troop No. 381. For all boys and girls will be awarded.

The final activity of the day will be a street dance for teens, ages 13 to 18, at Kersting Court. The dance will be held from 8:00 p.m. until 11:00 p.m.

Everyone is urged to stay home on the Fourth and to take part in this old fashioned Home Town Celebration.

Sierra Madre's Mayor, Robert "Bud" Hartman will be the Grand Marshal for this year.

For further information call the Recreation Department, 355-7135.

Legislation To Ban Pesticides In California

Assemblyman Walter Karabian has co-authored legislation to ban the sale and use of chlorinated hydrocarbons (DDT, etc.) for pest control in the State of California, it was announced today.

"The indiscriminate use of so-called hard pesticides is dangerous because they are practically indestructible," Karabian said. "They may persist for fifteen years or more."

DDT is washed from the soil and air into streams and rivers, then begin through the life cycle starting with microscopic organisms and finally to the human body. Karabian reported that in 1966 the U.S. Public Health Service revealed that the average American had accumulated 12 parts per million.

"Dr. Fahmy of the Chester Beatty Research Institute says that the amount of pesticide chemicals man is now absorbing from his environment is enough to double the normal mutation rate," the Assemblyman stated. "He says they are capable of disrupting the DNA molecule; the effects are cumulative; and the mutations may not show up for generations."

In March the Food and Drug Administration seized 28,000 pounds of Lake Michigan Coho Salmon contaminated with excessive amounts of DDT and the Michigan Agriculture Committee indefinitely banned the use of DDT in that state.

"California should not tolerate the use of this agent," Karabian stressed, "and this new bill will put an end to it."

SPORTS AS Hank Ives SEES IT

LITTLE THIS-N-THAT IN SPORTS

WOULD YOU BELIEVE it has been four years since Tom Hamilton piloted the West All-Star aggregation to a thrilling 29-26 win over the East in the first annual San Gabriel Valley prep grid classic?

RAY SOLARI headed the West group in 1967 and came away with a 14-7 triumph. Blair's Pete Yoder had to settle for a 14-14 tie last year.

PREDICTION DEPT. . . . The West will be underdogs this year and rightfully so with the likes of Steve Murray, Azusa's all-around everything at quarterback and Rod McNeill, Baldwin Park's All-CIF tailback, in the East backfield.

THIS YEAR'S GAME is slated for July 31 at Citrus Stadium and is well worth the price of admission.

SO O.K., TAKE THE METS SERIOUSLY . . . Gil Hodges has his youngsters believing in themselves and they seem capable of putting pressure on Leo's Cubs. The collapse of the Cardinals is hard to believe and Old Hankus still feels they will be in the N.L. East scramble right down to the wire.

BALTIMORE'S ORIOLES ream the New York Yankees of a few years ago. Blair, both Robinsons and Powell are bombing opposing pitchers. The Orioles pitching has been good. They look like away winners in the A.L. East but anything but a sure thing come playoff time and the short series.

BART STARR is the latest big name athlete to lend his name to a fast-service food chain . . . Bill Sharman and Larry Miller of the Los Angeles Stars are involved with the new Executive Chef chain . . . Speaking of Sharman, he will participate in a celebrity tennis tournament at Diamond Bar July 13. Sharman could rate among the all-time top athletes in U.S. history from a multi-talent standpoint. His glory days were in Boston Celtic uniforms but he played baseball in the high minors and once had a shot with the Dodgers. He is a low handicap golfer and once was a high school tennis whiz.

QUOTABLE QUOTE: "The backs always get to do the commercials," laments the Lions' Alex Karras. "When Hopalong Cassidy was with the Lions he did the Marlboro commercials and didn't even smoke. I never got to do the commercials and I smoked four and a half pack a day." Alex never was an athlete for kids to pattern themselves after.

EX - ALTADENAN DICK WILLIAMS is always quick with a quip. His farm catch-

er Hal King was hitting .321 at Louisville and fielding about the same. After Joe Azcue jumped the Ted Sox Williams reflected, "We don't want to bring up King. He has hands like pitchforks." Ouch.

CITRUS COLLEGE likes to have Edwards as a basketball coach. Don Edwards recently retired after 16 years so what do the Owls do? They hire Neil Edwards, former USC ace to take his place.

MY IDEA OF A GOOD JOB Golfer Bobby Nichols draws \$50,000 a year from Akron's Firestone Country Club without ever giving a lesson. He just has to play golf with Firestone's executives and clients.

THE DALLAS COWBOYS who play the Los Angeles Rams August 8 in the annual charity tiff, are in pretty good shape at quarterback. They have Dandy Don Meredith, Craig Morton and ex-Navy ace Roger Staubach. That's a pretty fair trio.

L. J. DUROUSSEAU who made his riding debut at Santa Anita last season is the leading jockey at the Omaha, Neb. track. One of the top riders there is one of old Hankus' favorites of a few years ago, Bobby Mundorf.

MEANWHILE, where are the Alpacas? WATCH FOR PLAYBOY MAGAZINE to pick Houston University as the number one team in college football this fall . . . Don't forget registration for the Pasadena Area Junior All American Football program at Victory Park, July 5 and August 2 from 10 to 2.

AT INDIANAPOLIS they asked Astronaut Scott Carpenter whether he preferred riding a race car or a space capsule. "You have at least 1,100 people helping you travel to the moon. You're by yourself at a racetrack. I'll take the moonshot."

With Our TEENS

Last week we elected our Teen Council officers. They are: President, Bruce Pappin; Vice President, Tim Jones; Secretary, Carol Hathaway and Jennie Jacobson; Treasurer, Mike Stuart; Activities Commissioner, Betsy Simons; Publicity Commissioner, Debbie Anderson; Senior Representatives, Carson Jefferson and Jamye Torre; and for Junior Representatives Craig Anderson and Glenn Lambdin. With this cool council how can we go wrong. The Council was installed by our Honorable Mayor Hartman at the last City Council meeting. Now that we have our leadership we should really get moving. Our first activity will be the Fourth of July Celebration. The Teen Club will ride in the parade on a truck, will sell cotton candy at the park and conduct a street dance. The dance will be from 8:00 p.m. until 11:00 p.m. at Kersting Court. We will have three big bands. Admission is free. All teens in Sierra Madre 13 to 18 are invited.

Meeting of the Teen Council is on the 1st and 3rd Tuesdays of the month at City Hall. Meetings have been changed to 8:00 p.m. until 9:30 p.m. during the summer.

Betsy Simons our new Activities Commissioner says to watch for great teen activities to come. Recreation center drop-ins, dances, dating game trip, picnic, beach party and maybe a snow trip in the winter. If you have suggestions for other activities, write me care of the Sierra Madre News and I will give them to Betsy. Also, don't forget to purchase your Sierra Madre Teen Club Card. It costs \$1.00 for a year membership. You will need one to participate in most of our activities. Guess that is it for this week. Sorry about the last two weeks, for not getting my article in, but I was so pleased to graduate that I just forgot everything else.

To Train A Child

Mommy, I love you.
I'm glad I'm alive.
It's fun to run and play and laugh and dance.
It's hard to stand still and listen.
Mommy, I love you.
Thank you for taking care of me. Thank you for cookies and milk and bread.
Please give me a dime for Sunday School. I like Sunday School. We sing and laugh and learn about God.
Mommy, I love you.

And so on and on she prattles in her own innocent and naive way. Soon, however, her questions will become more complex and her parents will need all the love and wisdom they can obtain.

Fortunately, we as parents are not alone in this endeavor. The Church stands ready and anxious to help us train our children. Through worship, study and meditation we can learn to know what God requires of us. Come to the church of your choice this Sunday and every Sunday.

New Postal Regulations July 1

The parcel post weight limit will be raised to 40 pounds for shipments between first-class post offices after July 1, Postmaster Guy Rossi announced today.

The maximum parcel post weight limit will be increased from 30 pounds on shipments between the larger post offices in the third through eighth post zones. (More than 150 miles.) On packages sent locally and to offices in parcel post zones one and two, the ceiling has been 40 pounds. The maximum size of packages sent between all first-class offices remains 72 inches in combined length and girth.

The size limit on parcels sent to or from smaller offices, rural or star routes, military post offices, and all Alaskan and Hawaiian post offices stays at 70 pounds, with a combined length and girth of 100 inches. Postmaster Rossi added:

Public Law 89-593, enacted September 20, 1966, authorized the postal service to increase weight and size limits on shipments between larger cities. On July 1 of 1970 and 1971, the length and girth limits are scheduled to rise to 78 and 84 inches, respectively, on shipments between first-class post offices.

Lesson - Sermon For July Sixth

"The Lord is good to all; and his tender mercies are over all his works." This verse from Psalms is part of the Lesson-Sermon on "God" to be heard in all Christian Science churches Sunday.

A related passage from Science and Health with Key to the Scriptures by Mary Baker Eddy states: "God is not moved by the breath of praise to do more than He has already done, nor can the infinite do less than bestow all good, since He is unchanging wisdom and Love."

A veteran's pension is generally not reduced when he is in a VA hospital if he has a wife or child.

Lesson-Sermon: 'Declared Your Independence?'

Margaret M. Stevens, Minister of The Santa Anita Church, 226 West Colorado Boulevard, Arcadia, has chosen for her subject on July 6 at 11 a.m., "Have You Declared Your Independence?" All are welcome to attend our church and worship with us in an atmosphere of peace. Our music, provided by Helen Natzke, organist, and Mackey Swan, soloist, is outstanding. Infant and child care is provided.

After a fifteen minute worship service in the sanctuary at 11 a.m., children from pre-school through seventh grade go to graded classes led by dedicated teachers. The young adults hold their meetings on Sunday evenings at 7 p.m.

A class in successful living is led by Rev. Stevens every Thursday at 11 a.m. The public is cordially invited to attend this very worthwhile class and to stay for a time of fellowship.

Applications are available for entrance to The Ethel Barnhart School 1969-70 school year from kindergarten through eighth grade. Summer school will be from August 4 through August 29 and there are applications for this time also.

Call 446-8206 for further information.

Having completely sold out all of their 1969 sets, the time for this readjustment was before the arrival of the 1970 model and now with this all done and the 1970's in and on display, they look forward to your call between now and August 1; after that they will see you after September 1 with vim and vigor, and ready to tie into all your sets for their renowned quality repair.

'The Diagnosis' Is Sermon

There are those times in life when one must know the truth no matter how much it hurts. At other times I may look at life through rose tinted glasses but when my life is at stake, I want to know the truth.

Am I ready to meet God? This is the great question of life. If I answer all other questions of living, concerning my vocation, my life partner, my old age, my retirement, but fail in asking the overall question, the question of my relationship to God, then in all of life I have been dead, in all of life I have been blind.

Is everything OK between man and God? Will God pat me on the back and say: that's alright, you did your best? Many ministers would lead you in that direction but not the man whom they called the great teacher, the great physician, Jesus diagnosed man as spiritually dead and in need of a new birth, a regeneration, a resurrection.

Have you, faced the truth about Jesus' diagnosis of the human race?

HAPPY BIRTHDAY to Stanley Fish who celebrated his ??? birthday (he isn't telling) Saturday July 28. Wife Missy served a delicious dinner, complete with cake and candles. Definitely An Old Fashioned Fourth

43rd Annual Circus and Fireworks Ready To Go

A family tradition of more than four decades duration will be presented in the Rose Bowl on July 4th when the members of the Pasadena Fire Department stage the 43rd annual Circus and Fireworks Show. The huge stadium will be the stage for a performance by one of the world's great circuses, the Polack Bros. Circus and a slam bang fireworks display entitled, "An Old Fashioned 4th." This great show has been a traditional closing event on Independence Day for tens of thousands of families and during its history has attracted more than 1.6 million people through the turnstiles.

The Pasadena Firemen have developed a highly acclaimed public service in providing a show featuring patriotic salutes to our nation on its birthday and high caliber family entertainment. Civic leaders have saluted the firemen for their fine community entertainment and for the huge sums they have contributed to a list of more than two dozen Los Angeles charities derived from the show's proceeds.

Originally created by the Pasadena Firemen as a community service to prevent fires and severe injuries, the annual Circus and Fireworks Show has grown in stature and popularity to the point where crowds of 50,000 are commonplace. Now in its 43rd year, the annual Circus and Fireworks Show is recognized as the outstanding Independence Day production seen anywhere in the United States.

"Miss Liberty Belle," lovely Virginia Dolan of South Pasadena, will serve as official hostess for the evening and will greet the huge throng promptly at 8 p.m.

announcements and amusing comments.

Tickets for the charity fund raising event are priced at \$3, \$2 and \$1 for children under 12. All seats are reserved and can be obtained from Thrifty Drug Stores and the old Pasadena Central Fire Station, 145 East Holly Street, phone 792-4165. There are acres of free parking adjacent to the Rose Bowl under police supervision.

Kiwanis Club Kicks Off Fund Drive

Local area Kiwanis clubs kick off their campaign this week to raise funds for crippled and underprivileged children through their 30th annual benefit baseball game on August 26 between the Los Angeles Dodgers and Montreal Expos.

This will mark the 12th year in which the event has featured a regular National League contest. Both box and reserved seat tickets at regular Dodger Stadium prices are available through Kiwanis.

Necessary funds to help the growing list of needed children are gained only from Kiwanis-sold tickets," it was stressed by game chairman Hap Halligan of the sponsoring Kiwanis Crippled Children Foundation of West Hollywood. "Because of this, game tickets must be obtained through Kiwanis and in advance," he added.

In all, some 175 southland Kiwanis clubs are participating in this event. For the name of your nearest Kiwanis club, call 874-6550. Each participating Kiwanis club retains a portion of its ticket sale funds for youth projects within its own community.

County Has \$47 Million Delinquency

Real estate taxes not paid by June 30, 1969, will carry additional penalties, warns Harold J. Ostly, Los Angeles County Tax Collector.

Property on which delinquent taxes have not been paid by that date will be sold to the state. Additional penalties of one per cent per month and a redemption fee of \$2 per parcel then will be added, Ostly pointed out.

Notices of delinquent taxes recently have been mailed to property owners by the Tax Collector. However, because of unknown addresses or being returned undelivered by the Post Office, there are more than 5,000 still in the Collector's Office.

If the property taxes have not been paid and a tax bill or delinquent notice has not been received, the property owner should call the Tax Collector's office at 625-3611, extension 64541, to obtain a bill.

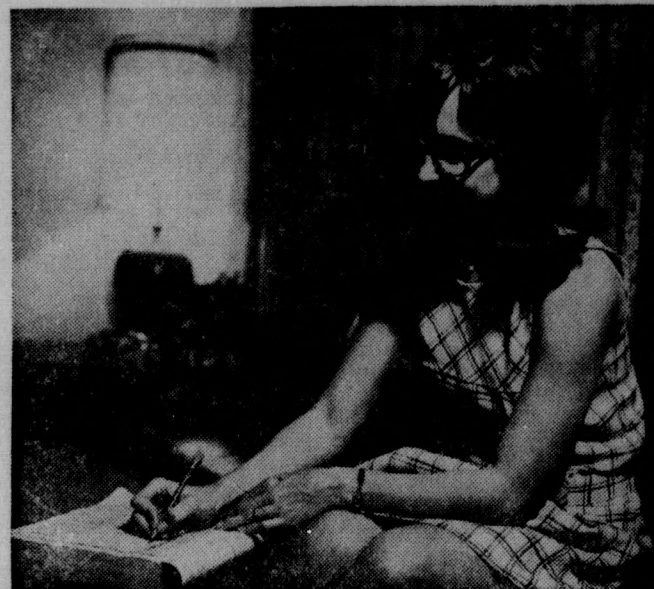

Payments can be made by sending the tax bill stub and a check or money order to Harold J. Ostly, 225 No. Hill St., Los Angeles, California 90012. All unpaid taxes now require the payment of a six per cent penalty and \$3 per parcel costs for preparing the delinquent list.

As of June 5, 1969, there are 102,000 property owners who have not paid their taxes for the fiscal year of 1968-69, the Tax Collector stated, which amounts to \$47,241,267 in unpaid taxes.

Lesson-Sermon For July 13

A communion service will be held this Sunday in all Christian Science churches. All are welcome. The subject of the Lesson-Sermon is "Sacrament" and includes Jesus' words, "Neither pray I for these alone, but for them also which shall believe on me through their word."

Related passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following: "That he might liberally pour his dear-bought treasures into empty or sin-filled human storehouses, was the inspiration of Jesus' intense human sacrifice . . . The purpose of his great life-work extends through time and includes universal humanity."

411 — Directory Assistance

A World Of Information In Your Telephone Book

Today's operator is taking on a new image. Times have changed, and so has the person who works as an operator. Her tone of voice and the phrases she used reflect today's modern living.

"Directory assistance for what city, please?" This new phrase has been used by operators at General Telephone Co. since last October. You probably wonder why.

To begin, the phrase "directory assistance" replaced "information." "Information" meant too many things to too many persons. To General Telephone, it means a new listing not listed in your present telephone directory.

It certainly doesn't mean how to spell "receipt," what is the weather in San Diego, or what is the zip code for Atlanta?

Record Breaking Employment Has Been Reported

Record-breaking employment in metropolitan Southern California has been reported for the fifth consecutive month by Security Pacific National Bank.

May employment, estimated at 4,582,900, was up 4,900 from the previous record of 4,578,000 in April and had increased 135,200 since May of 1968.

Figures compiled by the bank's Economic Research Department are seasonally adjusted averages of civilian employment in Los Angeles, Orange, Riverside, San Bernardino, San Diego, Santa Barbara and Ventura counties.

May-to-May gains were 3 per cent for the seven Southland counties, 3.4 per cent for California and 1.8 per cent for the nation.

May unemployment ratios remained at 3.5 per cent nationally, at 4.2 per cent for California and at 3.9 per cent for both Southern California and Los Angeles County. Other seasonally adjusted county ratios were 3.5 per cent in San Diego, 3.8 per cent in Orange and Santa Barbara, 4.0 in Ventura and 4.7 in Riverside/San Bernardino.

While we were shivering and shaking and dreaming of some warm sunny weather Peggy and John Goodall spent five wonderful days at the Colorado River basking in the sun, water skiing and fishing. It will be quite some time before the family can enjoy another real outing like this as Rick has left for Korea and Tom is spending the summer in Gallup, New Mexico with his uncle where he will be attending the Indian Affairs, water skiing at Navaho Lake, hunting and fishing. Which all adds up to a very exciting summer. We wish Rick lots of luck and hope we will be seeing him around here again real soon.

The term "directory assistance" better describes your "411" operator's functions.

The modern operator also asks for the city of the new listing. This is because she has several huge directories in front of her, and knowing in which book to search for a listing is a "must." Without it, it might take 10 minutes to find the requested listing. She doesn't have yellow pages either.

The average directory assistance user may think it is faster to call their changing "411" voice than to look up a listing themselves. Not so, says General Telephone. Because of this, another new phrase, "in your directory, the number is 222-xxxx," was initiated. The operator wants you to make note that the number is definitely in your directory and that the next time you need a number, time can be saved by looking it up yourself.

If the number you requested is a new listing Gen Tel's voice at the other end will ask you to "please make note of the number." That means write it down, so next time you want the same number, you'll have it.

The best place to jot down new listings is in your personal directory. Free personal directories are available from your telephone business office. You can also mark or underline frequently called numbers in your telephone directory.

The telephone book contains a world of information, so keep it near the telephone, and it will help you if you use it. If you need another directory, simply call your local business office.

To get the job done in the best manner, both operator and caller must be in tune with the times.

City Gives 5%

no more than a 12 to 15 cent increase; that amount being the increase in salaries, retirement fund and the Health and Accident, and then went to work page by page in the budget to show the City Administrator what they wanted deleted, to give the best service possible for the Tax Dollar asked.

The City Administrator must cut at least \$40,000 from the budget before the Council will allow it to pass. If he is successful, which the Council says he will be, then the increase in City Taxes will be 12 to 15 cents. The County is now asking 25 cents and with anticipated other agencies the overall increase is expected to be in the vicinity of 50 to 60 cents, an increase of about \$60 for the year for a home of \$40,000 market value, which should break most people even with the \$750 reduction allowed by the Assessor's Office as voted in November of last year.

Senior Citizens
Must Apply For
Tax Relief

More senior citizens will be eligible to claim property tax assistance this year under a recent change in the Senior Citizens Property Tax Assistance Law.

Assembly Bill 80, introduced by Assembly Speaker Robert Monagan, amended the law to extend the benefits to those persons who own either the land or the dwelling, and to those who reside in mobile homes which are located on land owned by the individual.

This law change will enable those previously excluded persons who owned either the dwelling or the land, but not both, to qualify for assistance on the property tax paid, according to Martin Huff, Executive Officer of the Franchise Tax Board. However, in all cases, the realty must include a habitable dwelling and the claimant must reside in the dwelling.

The largest group to benefit by this change is comprised of those individuals who own land upon which their mobile home is located, Huff said. These mobile home owners did not qualify for assistance last year.

To be eligible for senior citizen property tax assistance, claimants must be over 65 years of age as of January 1, 1969; must occupy and own their own home; must have paid the property taxes on the home; and must have a total household income of less than \$3,350. Qualified individuals can obtain claim forms from any office of the Franchise Tax Board or by writing to Senior Citizens Property Tax Assistance, P. O. Box 1588, Sacramento, California.

Deadline for filing senior citizens property tax assistance claims is October 15, 1969, Huff said, and payments cannot be made prior to July 1, 1969. Claims can be filed at any time now, he said, as long as they are postmarked prior to midnight, October 15.

Boy Scout Drive

The San Gabriel Valley Council of the Boy Scouts of America came closer to their goal of \$1.8 million when it was presented with a \$25,000 contribution for the construction of a chapel at the Sawpit camping area, near Monrovia.

The donation from the J. W. and Ida M. Jameson Foundation of Arcadia, was arranged by Colin Huston, director of the foundation and long-time participant in scouting and recipient of the highest honor in scouting, the Silver Beaver Award.

The chapel is the first structure begun as a direct result of the fund raising drive and marks the start of an upward trend for scouting activities in the San Gabriel Valley area.

Huston, guest of honor at the ground-breaking ceremonies, accepted a plaque on behalf of the Jameson Foundation.

"We hope the foundation's \$25,000 donation will be only one in many toward the goal of \$1.8 million," said Huston, "but there is still a long way to go."

"Much more money is needed to supply young scouts with ample facilities

for camping and recreation." "The idea for the fund drive did not come about overnight," said Earl E. Cameron, director of activities and public relations for the San Gabriel Council.

"A committee of professional and technically skilled people spent three and one-half years projecting the growth of San Gabriel Valley scouting for five, ten, twenty and forty years," he continued.

"Our dream has come true. As Scouting takes on a new perspective, those who give to support the organization become part of the ever-expanding group of individuals who believe in the ideals scouting instills in its youngsters."

To avoid delays, veterans should write the regional office where their records are maintained rather than to the VA in Washington, D.C.

Only veterans who are disabled by injury or disease incurred in or aggravated by active service in line of duty are entitled to compensation.

members of the school board who advocated these courses.

Pointing out that AASEC's and SEICUS' aims and purposes are so similar as to be "twins," MOTOREDE charges that "fourteen of AASEC's board and advisory committee are also on the SEICUS board, involving some of the affiliates of Sexology magazine."

"The fact is that AASEC has only 'graduated' from the local Washington, D.C. headquarters, where it has been operating since 1967, into becoming a seemingly 'respectable' substitute for the increasingly discredited SEICUS. Undoubtedly there will be more such groups that will surface from time to time."

preparing teachers during the summer months for the sex-education programs being planned for nearly every community in the United States in September. AA-SEC held its first "Sensitivity Training Institute in Human Sexuality" in April, which, they hope will develop as an integral part of our Association's programs."

MOTOREDE recently sponsored a talk on Sensitivity Training. The speaker, Mr. Ed Dickinson, former Los Angeles Parole Officer, called Sensitivity Training "Group Criticism" and described it as "a subtle, insidious method of thought control, designed to make healthy minds sick."

The Most Rev. William L. Adrian, D.D., Catholic Bishop of Nashville, Tenn., says: "It tends to break down the conviction and moral values of the individual and substitute the humanist philosophy of the group..."

State Senator John Schmitz of Orange County says: "Group Criticism (Sensitivity Training) is a gun aimed at your child's head... (It) compels the participant to bare his soul before 10 or 15 other persons who are required to do likewise, under the direction of a group leader. The individual is pressed to seek out real or imagined shortcomings in his personality and in his thinking, to humble himself and give up his independence of mind and judgment, to make himself utterly dependent on the good opinion of others in the group and the leader of the group."

20-Million Strong

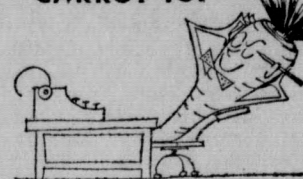

200th Birthday of State Marked By Celebrations

The years 1969-70 mark the 200th birthday of California's founding. It was in 1769-70 that the Franciscan Fathers, led by Father Junipero Serra, founded the missions that became the first permanent settlements.

As the landing of the pilgrims at Plymouth Rock symbolized the beginning of our country on the Atlantic seaboard, the arrival of the first permanent colonists in California personifies the birth of the Golden State. They paved the way for one of the largest and most colorful migrations the world has witnessed — and still they come — to California, now more than 20 million strong.

The Commission. On May 5, 1967, Governor Ronald Reagan signed State Senate Bill 101, establishing the California Bicentennial Celebration Commission and charging it with the responsibility of planning and coordinating the celebration of the state's 200th anniversary.

CARROT TOP

Now I haven't met Andrea but you can bet your bottom dollar that Bruno is a prince of a fellow, and I am sure that when he opens his new business you will find it a very enjoyable place to dine... Anyway, we do wish them all the success in the world, and will be happy when they get open and ready to do business.

See, we had a little moving around at the local Police Department, Sgt. Betts is now on the daylight shift and Sgt. Samony moved down to the four till midnight shift called the swing shift.

Policewoman Gail Brunning is now the roaming Policewoman, going from shift to shift on days off and Police Officer Sims taking over the dispatching from midnight till 8 in the morning.

I do not know who's idea this is, but it is a good one, now the citizens can get a new view of different faces when they need the services of their Police Department; in fact not very many of us have had the opportunity to see and talk with Pretty Gail, she has been kinda hidden in the dark, and she's a honey too, smart as a tack. If ever the Police find it necessary to come for me, I do hope they send Policewoman Gail. I will go along very peacefully.

Hey, did you know in the olden days sailors painted eyes on the bow of their ship to help guide them safely over dangerous seas. In thinking back I wonder what the good charm of nude mermaids indicated... I'll bet they would have an answer for it.

The proposal now under fire by the government of California to ban all advertising of cigarettes could have damaging effects... There are physicians and dieticians who say that bread, potatoes and starches are bad for the health, and some who say meat is not good for you... A move could be made to halt the advertising of these products. Eventually, the government would control all advertising on products that someone says "is not good for you."

Now this may sound ridiculous, but stranger things have happened. It was just about a year ago that the writer of this column, in a series of three installments told you about the Government and its attempt to take over advertising, and it is happening as the days roll into weeks.

About the next thing that will come will be the banning of all women's pictures from the newspapers and magazines... They are not good for men, especially old men like me, I hope, I hope, I hope.

Out of the Cobwebs

Sixty Years Ago: June 18, 1909

Leigh Smith announced that there had been some talk of organizing a volunteer fire department and wished to learn the sentiment of the Board (of Trade) and enlist its assistance if possible. The discussion which followed by Messrs. Osgood, Graham, Copps, J. D. Mackerras, Hosmer and others, showed that the need for such an organization is keenly felt.

The matter of adequate support for the public library was brought up by W. S. Andrews, who said that during the past year the work of the library had been growing far more rapidly than its income.

No typhoid and few bacteria of any kind were found in samples of Sierra Madre water examined by the state bacteriological experts. The water was pronounced perfectly safe for drinking purposes.

Prof. and Mrs. Lodge of Throop, Mr. and Mrs. Peck of Cincinnati, Ohio, W. P. Caley and the Misses Hilda and Maybelle Caley picked at the Quarter-way House on Thursday. Children's day was suitably observed at the Congregational Church last Sunday. A fitting part of the service was the administration of the rite of baptism to Katherine, the little daughter of Mr. and Mrs. Charles S. Kersting.

The formal opening to the

public of the Woman's Club House will be on the evening of July 2, when a concert of exceptional music will be given from 8 to 9 after which, dancing will be indulged in by those who care to dance and card tables will be arranged for those whose pleasure lies that way.

Mr. and Mrs. J. D. Brown have made arrangements with W. H. Kindig whereby they take over the management of Hotel Sierra Madre. Mr. and Mrs. Brown were for many years engaged in conducting some of the best hotels in northern Indiana and the hotel will be in excellent hands.

Ad appearing: Livery — Public closed carriage for hire; will seat five. \$1 per hour. Also single outfit, saddle horses and burros. Parties taken to Baldwin's Ranch. C. E. Chantry.

Forty Years Ago: June 21, 1929

The menace of the Mediterranean fruit fly was one of the principal topics of discussion of the meeting of the Chamber of Commerce Monday night. With Florida spending millions of dollars, engaging an army of 5000 men in a fight against the dread pest and the destruction of millions of dollars worth of citrus fruit as a lurid example of what may well happen in California if the scourge secures a foothold here, the chamber of commerce went on record as encouraging every process that will tend to stifle the existence of the fly in this

June 16 dawned bright and happy for Gerard and Roberta Jugant of 82 E. Laurel. That was the day their daughter, Annique, was born at the Arcadia Methodist Hospital. Their first-born weighed in at 8 pounds and 7 ounces. For her maternal grandparents, Mr. and Mrs. LuWayne Wood of Arcadia, Annique is grandchild number 8. Congratulations all!

Arcadia Republican Women's Club Slates Fun Party For Sat., July 12

In this "Year of the Elephant," July will go down in the annals as the "Month of the Elephant" — colored Pink. Members and friends of the Arcadia Republican Women's Club, Fed., are planning a fun filled evening at the Brookside Country Club for their annual dinner dance on July 12. The extravaganza, directed by Mrs. Clayton Stanley will begin with the cocktail hour at 7 p.m. A gourmet dinner will be served at eight. Professional entertainment, the introduction of celebrity guests, and dancing will make it a

night long to be remembered.

Senator H. L. "Bill" Richardson and Mrs. Richardson have the date circled on their calendar and will be present to greet their friends according to Mrs. Ralph Covell, club president.

Joe Necasio and his orchestra will provide music for dancing. Southern Californians, for the past twenty years, have been drawn to the dance floor by his irresistible rhythms.

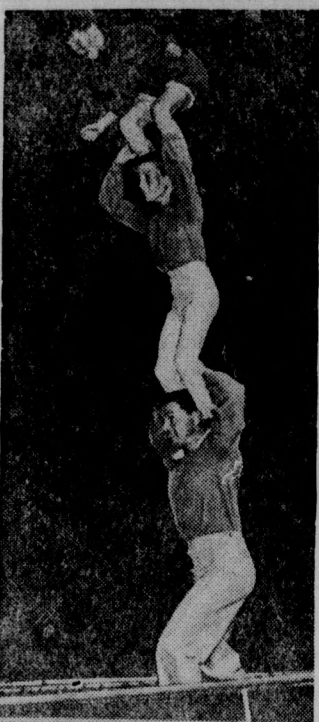

Miss Sandi Becker will add beauty and song to the evening. Miss Becker, chosen Miss California for 1965-66, will appear as vocalist. In television Miss Becker has appeared on the Perry Como and Kay Starr Specials and at Academy Award shows with the Young Americans. She has also played the lead in the new Broadway production of "The King and I" and "Oklahoma."

Mrs. Stanley is being assisted by Mrs. Ralph Covell, Mrs. Douglas Moline, Mrs. C. O. Porter, Mrs. James E. Daly, and Mrs. Howard L. Miller. Others working on party plans are: Mrs. Lloyd Arnoldy, Mrs. Richard Niver, Mrs. Jack Goss, Mrs. Gerald Blaine, Mrs. Robert L. Harbur, Mrs. Kenneth Forde, Mrs. William C. Lochmoeller, and Mrs. Herbert R. Sawtelle.

Further information and reservations may be secured from Mrs. Porter, 447-5418.

Cactus Show At Arboretum

This annual event of increasing popularity is open again to the public at the State and County Arboretum, Arcadia, July 4, 5 and 6, from 9 a.m. to 6 p.m. Featured are all types of these intriguing plants from all over the world, including many colorful species from our deserts of the Southwest and Mexico. Presented by the affiliated clubs of the Cactus & Succulent Society of America, weirdly beautiful specimens of great rarity are always shown.

Family Show For the Fourth

One of Southern California's most popular Independence Day family shows will make its 43rd appearance in the Rose Bowl on July 4th at 8:00 p.m. when the members of the Pasadena Fire Department stage their 43rd annual Circus and Fireworks Show. The two part event, long a highlight with thousands of families as the climax of the 4th of July, will get under way at 8:00 p.m. with the introduction of "Miss Liberty Belle," lovely Virginia Dolan, and twin masters of ceremonies, radio and television stars Al Lohman and Roger Barkley.

Lohman and Barkley will be making their third appearance in the Rose Bowl and have indicated it's a great thrill to entertain a crowd of 50,000 circus and fireworks fans. Although both of the wild broadcast stars would deny it, each has indicated a desire to perform on the giant sway pole which will climax the circus portion of the show.

Immediately following the introduction of "Miss Liberty Belle" and Lohman and Barkley, the fast moving four-ring Polack Bros Circus will take over the Rose Bowl and will present the largest assembly of circus stars ever seen in the famed arena. Some two score internationally famed acts will thrill the assembled circus fans. Included will be lions and tigers in the same cage, clowns, elephants, acrobats, jugglers, trapeze artists, high wire dare devils and sway pole artists. Program Chairman Battalion Fire Chief C. M. Ward states, "The 1969 edition of the Polack Bros. Circus is the largest circus ever to appear in the Rose Bowl and features some of the greatest thrill acts ever brought to the United States."

The second half of the July 4th spectacular is the granddaddy of all fireworks displays and this year will revive great moments in our nation's history with a program entitled, "An Old Fashioned 4th." The sky will be streaked with forests of exploding colors and bombs and the entire south end of the Rose Bowl will be covered with spectacular set pieces portraying everything from great naval battles to portraits of our nation's greatest leaders and heroes. Tickets to the huge July 4th family show, which raises funds for more than two dozen Los Angeles County charities, are available at Thrifty Drug Stores and the old Pasadena Central Fire Station, 145 East Holly St. Phone: 792-4165. All seats are reserved and are priced at \$3.00, \$2.00 and \$1.00 for children under twelve. Parking is free and under police supervision.

The winning relays and their places were: 7-8 girls, 2nd place, Kathy Cowan, Vicki Redman, Katie Gereve, Sara Gereve; boys 9-10, 4th place, Owen Lubow, Daner Knickelbein, Steve Bickel, Greg Young; boys 11-12, 2nd place, David Gereve, Jeff Hurff, Danny Banis, Paul Pfeiffer; girls 11-12, Adrienne John, Cindy Scott, Carol Flournoy, Liz Bullard; girls 13-17, "A" team, 5th, Melinda Starkweather, Domi Paschall, Sue Banis, Leigh Jacobsen; "B" team, 6th, Joanne Ball, Jennie Jacobsen, Peggy Bullard, Debbie Temple.

On Wednesday, July 2, the team meets in a triangular meet with Azusa and Monrovia at Monrovia; then on July 11th they will meet Baldwin Park and Irwindale at the local pool starting at 4:30, public invited.

Then on Saturday, July 12-13, they will journey to Claremont for a two-day invitational.

Check Trouble? Then Contact County Assessor

County Assessor Phil Watson today urged homeowners who have had problems cashing their \$70 tax refund checks to bring them to his office so the proper name can be recertified to the State Controller for issuance of a new check.

In a letter to Controller Houston Flournoy, Watson pointed out that as a result of death, divorce or other reasons, many recipients of the refund are unable to obtain both signatures to satisfy banks or other cashing agencies.

"We are totally dismayed by the run around and confusion homeowners are experiencing, and the only apparent means of solving their problems is for them to bring their checks along with any documents regarding title, divorce settlement or death certificates to my office," Watson said, adding:

"We have been advising people to return uncashable checks to the State with an explanation, but this has not resulted in favorable solutions to the various situations, so now my office is impelled to do everything possible to assist these taxpayers."

Anyone with a refund check problem should contact the Assessor's main office in person or by mail at Room 225, Hall of Administration, 500 West Temple St., Los Angeles 90012.

Police 'Ride Along Program' Starts July 15

Numerous police departments in Los Angeles County — including Sierra Madre — are participating in the second annual ride along program for teenage boys and girls, co-sponsored by the Los Angeles County District Attorney's Office, announces Dist. Atty. Evelle J. Younger.

The program begins July 15 and ends on August 1. "Purpose of the program," relates Younger, "is to afford young people the opportunity to ride in police cars and become better acquainted with law enforcement personnel and their responsibilities to the public."

"Last summer's ride along program," he continued, "was successful and we know that the response from teenagers will be even greater this year."

The 1969 program will have a new feature, added the district attorney. "There will be an orientation session at each police department, where police officers will explain procedures and the role of the police officer."

The ride along program is coordinated by Al Collier, who heads the District Attorney's Young Citizens Council, which has chapters on many high school campuses. The ride along program is one of 11 goals of the DAYCC, Younger concluded.

Tax Checks Out Soon

State Controller Houston I. Flournoy today announced that the second group of \$70 Homeowners Property Tax Relief checks will be mailed statewide on Wednesday, July 9.

Flournoy said there will be about 200,000 checks in this second mailing as county assessors continue certifying applicants not covered in the first mailing of 2-237,000 checks on June 13. Los Angeles County again will lead the list with about 90,000 checks. It is estimated 26,000 will go to San Mateo County, 5,000 to Tulare County, and 4,000 to Ventura County. The number of checks mailed to other counties will vary according to local conditions affecting

individual assessors. The July 9 mailing will include all certified applications received by the Controller from the county assessors by June 27. Flournoy said certified applications received after June 27 will be included in future mailings.

Officials Stress Dangers Of Fireworks

Fireworks of all types, even the so-called "safe and sane" kind, can be dangerous if improperly used, Deputy Chief George Brunton of the Los Angeles County Fire Department reminded today.

"Children can be burned or injured if they are permitted to play with fireworks," the Chief said.

"Fireworks can legally be used only in the cities that sell them, and they never can be used in the brush-covered areas of our county," Chief Brunton warned.

A hot sparkler wire thrown onto the wooden roof of a house or garage can start a fire. Any fireworks used in or near dry grass also can quickly start a fire.

"Many firecrackers are brought into the country this time of year and all are illegal and many extremely dangerous," the Chief stated. "The only fireworks permitted are those carrying the approval of the State Fire Marshal."

The Los Angeles County Fire Department answered nearly 300 emergency alarms on July 4 last year and many were fires started by fireworks.

"If you plan on spending the 4th in one of our recreational areas in the foothills or mountains, please leave the fireworks at home," Chief Brunton asked.

INTENTION NO. 69-40

A RESOLUTION OF THE CITY OF SIERRA MADRE, CALIFORNIA, TO VACATE THAT CERTAIN PUBLIC ALLEY, KNOWN AS AN ALLEY LOCATED BETWEEN SIERRA MADRE BOULEVARD AND SUFFOLK AVENUE ON THE EAST SIDE OF BALDWIN AVENUE, IN SAID CITY, AND FIXING THE PLACE FOR HEARING OBJECTIONS TO THE PROPOSED VACATION.

THE CITY COUNCIL OF THE CITY OF SIERRA MADRE DOES RESOLVE, ORDER AND DETERMINE AS FOLLOWS:

SECTION 1. That the public interest and convenience require, and the City Council of the City of Sierra Madre does hereby declare its intention, to vacate all of that portion of that certain alley, being that portion of the Central Tract in said City as shown on Map recorded in Book 7, Page 23 of Miscellaneous Records in the office of the County Recorder in the County of Los Angeles, located between the easterly right-of-way of Santa Anita Avenue and the common boundary line between the City of Sierra Madre and the

SECTION 2. A map or plan indicating by boundary lines the extent of the property included in the proposed vacation is on file in the office of the City Clerk and reference is hereby made to said map or plan for a further, full, and complete description of all the property comprising the aforesaid portion of the alley proposed to be vacated as declared herein.

SECTION 3. Any and all persons interested in or objecting to the proposed vacation may appear before this Council on the 12th day of August at 7:30 o'clock p.m. of said day in the Council Chamber of said City Council in the City Hall, in the City of Sierra Madre, and show cause why said portion of such public alley should not be vacated and abandoned as aforesaid.

SECTION 4. The Superintendent of Streets shall cause to be posted notices of the passage of this Resolution at the places, and in the manner, provided by law. These proceedings are taken under and by virtue of the provisions of the Street Vacation Act of 1941, as amended, being Sections 8300 to 8331 inclusive of the Streets and Highways Code of the State of California.

SECTION 5. The City Clerk shall certify to the adoption of this Resolution of Intention and shall cause the same to be published twice in the Sierra Madre News, a newspaper of general circulation published and circulated in the City of Sierra Madre, and hereby designated for that purpose.

I HEREBY CERTIFY that the foregoing Resolution of Intention was adopted at a regular meeting of the City Council of the City of Sierra Madre, held on the 24th day of June, 1969, by the affirmative vote of at least three Councilmen, to wit:

AYES: Councilmen Hartman, Nickoloff, Rule, Simons.

PUBLIC HEARING

NOTICE OF ESTABLISHING PROPOSED CIVIC CENTER OVERLAY ZONE

NOTICE IS HEREBY GIVEN that the Planning Commission of the City of Sierra Madre will conduct a public hearing on Thursday, July 17, 1969, at 8:00 P.M. in the Council Chambers of the City Hall located at 55 West Sierra Madre Boulevard, Sierra Madre, California, to consider a proposed ORDINANCE OF THE CITY OF SIERRA MADRE AMENDING THE ZONING REGULATIONS BY ESTABLISHING A CIVIC CENTER OVERLAY ZONE, adding Part 9-A to Chapter 3 of Article IX of the Municipal Code. The purpose of this proposed Civic Center overlay zone is to provide the City with an opportunity to review proposed development in the context of the Civic Center and harmonious community development for R-3, R-P, Manufacturing and Commercial uses consistent with the requirements of the existing regular zone it overlays. The procedure required that a Civic Center permit be granted by the Planning Commission which may attach conditions prior to the issuing of any building permit in the Civic Center overlay zone. Appeal from Planning Commission requirements may be made to the City Council. The proposed overlay zone includes an area approximately defined as being bounded by Lima Avenue on the west and Montecito Avenue on the north and Sierra Place extended to intersect on Montecito on the east and Suffolk Avenue and Esperanza Avenue on the south, including all properties that face on the aforementioned streets.

All persons may attend such hearing and be heard with respect thereto.

Use Our Lay Away Plan

Editorially... Speaking Something New!

A bill which will increase government costs immediately more than \$200 million a year, remove local control on police forces and begin a spiral on all salaries for local government is moving through the senate, Robert C. Brown, executive vice president of the California Taxpayers' Association, said today.

The bill, SB 1414, is coauthored by Senators Ralph C. Dills and George Deukmejian and cleared the Senate Local Government Committee by a 7 to 3 vote. Its next hearing will be in Senate Finance Committee after the budget has cleared.

Sponsored term the bill the "magna carta" for law enforcement officers. Essentially the state will be determining in the future the minimum salary of law enforcement officers.

The salary schedule, however, will make policemen the best paid of public employees and in many cities policemen will be paid more than city managers, engineers or attorneys, Brown pointed out.

"The ultimate effect of the bill, however, is not limited to police salaries," Brown warned. "Each city council and board of supervisors must keep benefits of all of their employees nearly equal. If the state mandates salaries for police and sheriff's employees, the state ultimately is mandating salaries for all city and county employees."

Costs are not limited to the salary increases, either, Brown warned. Increases in salaries mean increases in the cost of retirement and other benefit programs. As the bill is now written it makes no provision for these added costs and, therefore, the local tax dollar will have to pick up these costs.

Recent amendments have removed sections of the bill which would have specified the vacation schedule for policemen, reducing the immediate costs, but Brown warned the history of such legislation shows that in future years proponents will seek to restore portions they now are removing in efforts to get legislative approval. In its original form the costs would have been more than \$500 million a year with the state paying half of the costs.

In its present form the bill establishes minimum salaries for all law enforcement officers with the state to pay half of those costs.

The basic work year is set at 250 days or 2,000 hours.

A policeman with a basic certificate issued by the Commission on Peace Officers Standards will be paid \$10,200 a year with a guaranteed 5 per cent increase each anniversary.

A policeman with an intermediate certificate and working five years will earn \$14,000 with a guaranteed raise of 5 per cent annually.

A policeman with an advanced certificate and 10 years of service will earn \$16,500 plus guaranteed raises of 5 per cent per year.

The minimum salaries will be adjusted automatically according to how much the division of labor statistics and research of the department of industrial relations determines the average hourly earnings of production and related workers in manufacturing have increased each year.

Local agencies will be required to provide a minimum of 80 hours paid training every two years for policemen and this training is the basis for advancing from basic to intermediate to advanced certificates.

The bill is opposed by the League of California Cities and the California Taxpayers' Association.

Beware Rule of Experts

Before 1962, under the basic Food and Drug Act, safety was the criterion that governed licensing of drugs and medical compounds prescribed by physicians. Then in 1962, the basic law was radically amended, changing the criterion from safe to effective. The new law, as now being administered, is a revealing chapter in the growth of government authoritarianism.

Under this new law, panels of experts have been judging the efficacy of thousands of drugs, hundreds of which may be removed from the market if, in the opinion of the experts, these drugs fail to meet the tests of both safety and effectiveness. The maze of regulations, set up by the 1962 law for the filing of new drug applications, have built up an obstructive mountain of red tape. The main question now is whether the public's health and welfare has been advanced by this extension of federal authoritarian type of control.

A most devastating critical analysis of the new system has been presented by Mr. James J. Kilpatrick, noted columnist, in the publication "Private Practice." Of the panels of experts, Mr. Kilpatrick says, "It is important to keep in mind that the panels did no original clinical research of their own. They heard no testimony from doctors, from manufacturers, or from patients. They relied upon published literature plus, as it turned out, their own 'informed judgment.' They worked in confidence . . . In theory, the . . . panels are advisory only. In fact, the panels are not rendering advice; they are writing fiat."

In many instances, combinations of drugs in particular medications have been condemned to oblivion by the experts. Of this, the head of a major drug firm says the panel members are attempting to impose their own academic judgment on decisions "which really belong in the hands of the practicing physician." Concludes Mr. Kilpatrick: "For a doctor to be 'guided' by expert evaluations may be altogether desirable; but for a doctor to be flatly prohibited from prescribing a particular harmless drug for a particular patient whom he believes to have benefited from the drug in the past — what is one to say of that?"

Costly Moon

The approach of man's first landing on the moon stirs excitement in many people, qualms in many others with a sharp eye on the tax dollar.

Reaching for the moon is, indeed expensive — about \$24 billion expensive. And what is \$24 billion? If somehow when the moon was created we could have started spending \$5 on carfare every year, we would just now, 4.5 billion years later, have caught up with the \$24 billion cost of the moon program.

But we Americans are ingenious. We've managed to spend those billion in just about a decade.

SENSING THE NEWS

AROUND THE U. S. CAPITOL

A news item that has received considerable attention recently, if not support, is the demand by certain Negroes who are officers in welfare rights organizations, that the Negro people be paid tremendous sums of money for the "injustices" meted out to them by the white people over the last several hundred years.

These claimants started out in various churches of the land by invading their pulpits or interrupting their services and demanding \$500 million in reparations.

Then, apparently one of them divided \$500 million by the Negro population of the country, 20 million, and found out that was only \$25 apiece. They then decided this was by no means enough and, taking over the stage at the bankers convention in New York, upped their demand to \$6 billion, or \$300 each is equally distributed.

This amount also would not last for very long, but after all, if the \$6 billion request is acceded to, what's to keep them from demanding \$60 billion or \$600 billion or any other amount they wish?

As a matter of fact, the Negroes are taking at this proposition — backwards. What they need is the same viewpoint as that gained by an intelligent Negro in this country who went to Africa sometime back, studied the situation among the natives there very carefully, and returned to the United States saying: "Thank God, my ancestors were sold into slavery."

Actually, the Negroes in this country are not only much better off than if they had remained in their native jungles the last three or four hundred years, they are much better off than most all people of any race or any color in any part of the world.

Then, too, the Negroes should realize they have no claim to any reparations whatsoever. If the economy of the whole world is to be turned upside down by demands for imagined past injustice, then we should have a strange world indeed. The one thing that is clear is they, like everyone else, have a claim to only what they have earned, no more and no less.

As a matter of fact, if the Negroes have a claim for \$500 million or \$6 billion or whatever amount, what about the claim of the American Indians? After all this was their country until the white man came and seized it for himself.

Which is remindful of a recent poll taken on an Indian reservation. The poll revealed that 60 per cent

Beauty Queen To Be Selected

There are 74 hopefuls seeking to be crowned "Miss Los Angeles County" in Hollywood Bowl, Supervisor Frank G. Bonelli announced today.

The aspirants, representing communities throughout the County, recently registered in the 1969 Miss Los Angeles County Beauty Pageant for a chance to reign as the county's official representative for a year.

Contestants, ages 17 through 22, will vie for semi-final honors during preliminary judging on July 13 at West Hollywood County Park, 647 N. San Vicente Blvd., the supervisor said.

Winners of the preliminary will compete in Hollywood Bowl on August 3 during the final judging event of the pageant sponsored by the Los Angeles County Board of Supervisors and conducted by the Los Angeles County Departments of Parks and Recreation.

After coronation, the official 1969 "Miss Los Angeles County" will compete in the Maid of California Pageant in Sacramento during the California Exposition and Fair.

She will also ride the county's float in the 1970 Tournament of Rose Parade on New Year's Day in Pasadena.

That the Fourth of July is just around the corner is plentifully in evidence by the popping of firecrackers and cap-pistols, from early morning until late at night, in and about Sierra Madre. Chief Richards of the fire department issues the warning that use of fireworks in Sierra Madre except by special permission is prohibited any use of them is contrary to law.

Mrs. Rudolph Hartman entertained her sister, Mrs. Harold Pegler and two children, of Culver City, during the weekend.

Mrs. Rudolph Hartman entertained ten friends of Miss Ruth Staff at her home Friday evening, on North Lima. Miss Staff will leave the early part of July for a trip to Sweden, adjacent countries and England.

Ten Years Ago:

A record crowd jammed the city swimming pool last Sunday, driven into the cool

water by 93-degree heat. Recreation Director Dave Sommers reported that 424 persons crowded the pool, including 90 adults and 334 teenagers.

Mrs. "Queen for a Day" John Donoghue, 632 W. Montecito, left with her husband yesterday for the annual Strawberry Festival at Pleasant Grove, Utah — one of many prizes she was awarded on the Queen for a Day television program last Monday.

It is estimated that the population of Sierra Madre on April 1, 1959, was 9,360, an increase of approximately 600 or 6.9 per cent from the total shown by the special census of May 15, 1956, according to the Department of Finance.

Mr. and Mrs. Earl T. Knowles have returned from a five week holiday in the East.
